Dear Member,

AOA, Ramadan Mubarak,

Whole Managing Committee is thankful to all the Society members for showing their over whelming trust and acknowledging services of MC by electing them unopposed during election held recently. The Committee has assumed charge for its new three years term and pledged to do its best for the benefit of the Society.

Proposal of merger with DHA was approved by the house unanimously in Special General Meeting on March 17, 2019 which was held in accordance with instructions issued by the Regulator. At present the proposal is under process for approval in Registrar office which is mandatory. After clearance from Registrar office we shall be eligible to take up this matter with DHA, Lahore.

Insha Allah we hope to give you good news regarding merger proposal in the next up-date.

Regards,

President
